

Mobile Phone Policy

(Use of mobile phones or similar devices in school premises)

Dear Parents,

As per Discipline Policy of Al Salam School, students are not allowed to bring mobile phones to school. An exception will be made in the case of students who take cab or metro daily and students who walk to and from school.

Students who use this mode of transport will be permitted to bring their mobile phone to school only if they submit a request to this effect, signed by their parents at the beginning of the academic year.

Students are strictly prohibited from using their mobile phones in school premises.

Once students are in school premises, they are expected to handover their phones at the beginning of the day to the Head of Department's Office. The mobile phones may be collected at the end of the school day (after 2:00 p.m.).

Failure to abide by the Mobile Phone Policy will result in confiscation of the mobile phone/device. The device will be returned after a week if it is a first time offense. If repeated, it will be returned at the end of the academic year.
